University of California, Irvine

FUN-FILLED

Hands-On Activities

for kids of all ages!

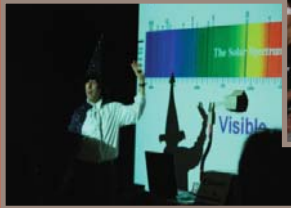

Saturday

April 18

11am-3pm

Admission to the event is FREE

Meet the Wizard of Light

Learn about light and its "magical" properties. Take home some cool "optricks" to amaze your friends.

Presentations at 12pm and 2pm
In the Beall Gallery
Look for the Wizard of Light when you tour the exhibit.

Have Fun with the EX-I-09 Scavenger Hunt

Tour the Current Exhibit EX-I-09 by Shih Chieh Huang

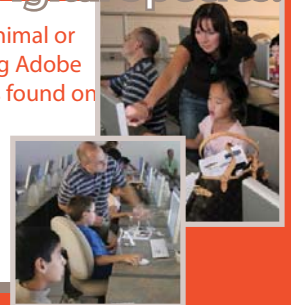

Huang creates installations merging common materials and electronics with air and water into eerily beautiful organic environments and sculptures, which in turn, evoke a life and "breath" appearance.

Design a New Digital Species!

Draw a new kind of animal or a wierd monster, using Adobe Illustrator and images found on the internet.

Instruction begins at 12:45pm
In Room HIB 335

Recommended for ages 8 to 14.

Create A Work of Art

Using various art materials complete an art project to take home

Ongoing projects throughout the day

Learn about 3D Modeling, Plastics & Circuitry

Create simple objects to take home using the physics of plastics and circuitry.

Ongoing projects throughout the day
In Room 160
Ongoing projects throughout the day.
