**1350 Reynolds Avenue #116, Irvine CA 92614**

Located off Red Hill Ave. between Barranca and MacArthur

- **CACT 21** **Fundamentals of Optics**  
MW 5:30-8:30 pm Instructor: Donn Silberman
- **CACT 22** **Introduction to Fiber Optics**  
TTh 6-9 pm Instructor: Paul Young
- **CACT 105** **Optical Interferometry**  
MW 4-5:30 pm Instructor: Larry DeShazer
- **CACT 101** **Optics Fabrication**  
TTh 4:30-6 pm Instructor: Brian Seaman

## **Notes:**

- CACT Fall Semester starts Sept. 6 and ends Dec. 13, 2006.
- **California State Certificates** are given upon completion of each course, and an *Optics & Photonics Program Certificate* is awarded upon completion of three courses in the CACT curriculum.
- These optics courses can no longer be registered through Irvine Valley College. ATEP, IVC and Saddleback Colleges are part of South Orange County Community College District.
- Irvine Valley College LET 210/210L and LET 220/220L courses have become CACT 21 and CACT 22, respectively, with no change in course content, and labs are still included.
